

Drum Dispensing Skids

PRODUCT DESCRIPTION

Move drums around the workshop from equipment to equipment or on the back of a service vehicle for in-field use with ease, with our air operated Drum Dispensing Skids. Suitable for either 1, 2, 3 or 4 x 205 litre drums, these fully integrated powder coated aluminium panel includes supports for dispensing gun and pump along with a 3 metre flexible dispensing hose. Adaptable to different types of tanks and, if necessary, can be quickly disassembled. Changing to a new oil drum is quick and easy with the quick connect camlock suction system and valve which minimises the chance of spills.

KEY FEATURES & BENEFITS

- Onboard quality filtration
- Recirculation & dispensing of filtered oils
- Surge suppression on pneumatic pumps
- Air or electric options
- Trigger operated dispensing guns
- Fast dismount and remount of drums

TECHNICAL SPECIFICATIONS

Parameter	Value
INCLUSIONS – PNEUMATIC	
Pump	5:1 ratio pump
Filter	Quality filter, either 5 or 12 micron
Frame	Rugged frame with drip tray & fork tines
Inclusions	Air regulator, connecting fittings, hoses & desiccant breather, hose reel & dispensing gun, breather/suction spear & retainer/holder
INCLUSIONS – ELECTRIC	
Pump	Low or high viscosity pumps
Electrical cord	10 metre with lockable ON/OFF switch
Filter	Quality filter, either 5 or 12 micron
Frame	Rugged frame with drip tray and forklift tines
Inclusions	All connections, hoses, breather, hose reel, dispensing gun, breather/suction spear & retainer/holder
OPTIONS	
Available options	Flow meter, quick connect couplings, choice of 5/7/12 micron filter elements, wheels or lifting lugs

APPLICATIONS

- The Clean Lube Solutions range of mobile drum dispensing skids are designed for field or workshop conditions and are suitable for oil viscosity up to 460 cSt.
- High-quality units available with hose reel fitted and include a specially designed drum spear to enable kidney loop recirculation or extraction of oils and a quality desiccant breather.
- Suits all drums and can be rapidly dismantled for quick drum change.
- Available in 1, 2, 3 or 4 drum mount skid sizes.
