

RetractaFLEX PREMIUM AIR & WATER HOSE REEL

Tangled hose lines will be a problem of the past. The NEW RetractaFLEX hose features an innovative hybrid polymer that allows for the ultimate in flexibility and kink resistance under pressure.

Fitted with a bend restrictor at the hose end, the UV stabilised, abrasion-resistant outer layer provides maximum durability and usability.

Great flexibility within temperature range

Kink-free under pressure

Light weight and easy to handle

HI-VIS fluorescent colours for workplace safety

**10
YEARS
MACNAUGHT
WARRANTY***

Memory free hose
lays flat on the floor

Bend restrictor included*

*Bend restrictor included for RO and RY reels only. RACR® available on selected models.

Innovation. The only way to stay ahead.
